

LICENSE TAX CASE RESUMED.

Oral Argument Continued by J. T. Hendrick Before Supreme Court.

Oral argument was continued in the Supreme Court of the United States yesterday in the case of John T. Hendrick against the state of Maryland, involving the question of license tax on automobiles from the District of Columbia. J. H. Ralston resumed his argument for the plaintiff. In the course of his remarks he quoted freely from the brief prepared for the plaintiff by Clement L. Bouvier.

He was followed by Attorney General Fox and Enos Stockbridge, counsel for the state of Maryland, and the argument was closed by Osborne I. Yellott of counsel for the plaintiff.

WILLIAM H. SINGLETON BOARD OF TRADE HEAD

Elected President by Acclamation
at a Meeting of Directorate
of Organization.

Has Been an Active Member for the
Last Sixteen Years—Other Of-
ficers Are Chosen.

William H. Singleton was elected president of the Washington Board of Trade by the board directors of the organization at a meeting held yesterday afternoon. Other officers were chosen as follows: Col. George Truesdell, first vice president; Edwin C. Brandenburg, second vice president; Chris J. Gockeler, secretary (re-elected); Walter H. Klopfer, treasurer; John B. Larner, general counsel (re-elected); and William M. Shuster, assistant secretary, (re-elected).

Mr. Singleton succeeds Chas. H. Rudolph, who declined nomination for re-election. Mr. Rudolph reminded the directors that when he accepted the position of president of the board a year ago he did so with the understanding that if his business affairs prevented him from devoting the time to the position he would resign. As the result of the other officers of the board, Mr. Rudolph said he was able to retain his position. He asked, however, that he not be placed in nomination for re-election, as he desired that some one else be elected to the position.

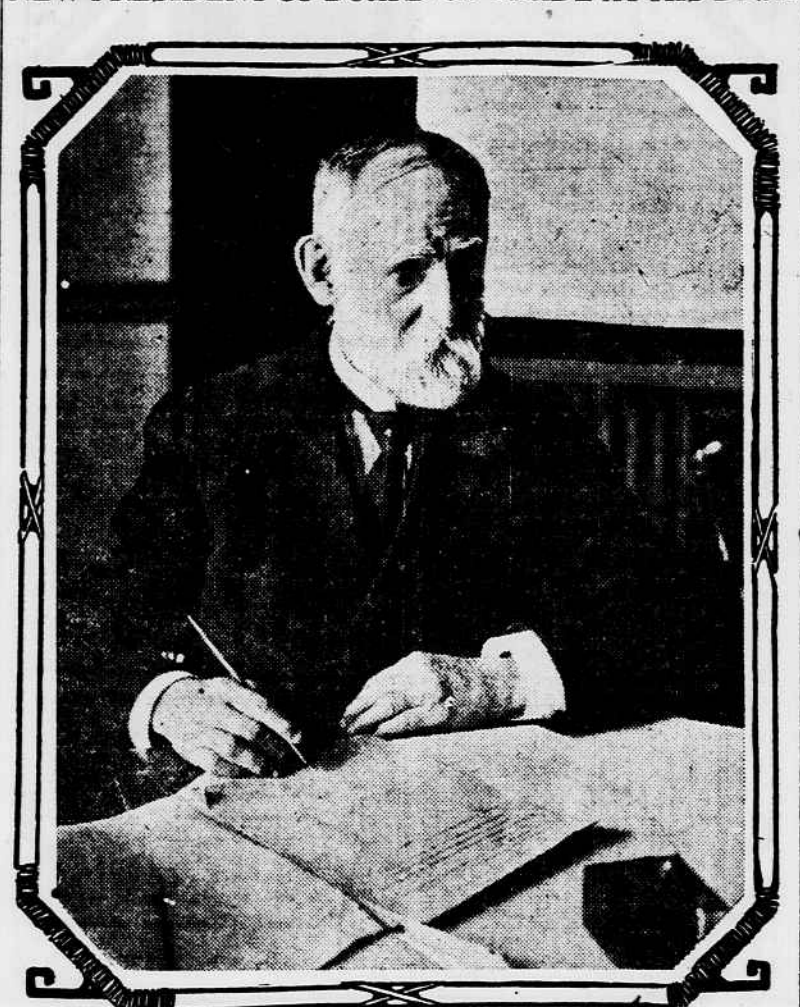

Mr. Singleton requested Mr. Rudolph to retain the chair for a few moments in order that he might have the privilege of nominating Col. George Truesdell for the position of first vice president. Mr. Singleton made mention of the valuable work done in behalf of the District of Columbia by Col. Truesdell through the preparation of reports on the financial relations between the national capital and the federal government. There were no other nominations, and Col. Truesdell was declared elected.

Odell S. Smith nominated Edwin C. Brandenburg for the position of second vice president. Mr. Brandenburg was declared elected without opposition.

Chris J. Gockeler was nominated for re-election as secretary by Dr. Frank E. Gibson, who placed his name in nomination at the time of Mr. Gockeler's election a year ago. Mr. Gockeler was elected by acclamation.

Walter H. Klopfer was nominated for

NEW PRESIDENT OF BOARD OF TRADE AT HIS DESK

WILLIAM H. SINGLETON.

Howard Academy too much for M. St. High.

Line Plunging of Victors Could Not Be Stopped by Defeated Eleven.

Yesterday afternoon Howard Academy met and defeated M Street High School, 13 to 0, on Howard campus in their annual contest. The visitors fought hard from start to finish, but the "hard-hitting line plungers" of the Academy backfield were too much for the M Street boys.

The Academy made its first touchdown early in the second period, when Roane, after taking a beautiful forward pass which put the home boys on the visitors' 5-yard line, smashed through M Street's right tackle, scoring a touchdown. Roane failed to kick goal.

At the beginning of the second half Avery was substituted for Jackson at quarterback. The Academy kicked off to M Street. The visitors fumbled the ball on their 40-yard line, and an Academy man recovered it. The home boys brought the pigskin from M Street's 40-yard line to its 15-yard line by hard line plunging. Here Avery hit off right tackle for the second touchdown. Strange kicked goal.

While both teams played well, Roane, featuring at fullback for the Academy, deserves special mention, and Capt. Samuel's work on right end was such as to merit first honors for M Street.

Howard Acad. Position M Street.
Pannell..... Left halfback..... Myers
Right halfback..... Myers
Roane..... Fullback..... Roane
Jackson, Avery..... Quarterback..... Pannell
Smith..... Right end..... Samuel
Boeing, Foster..... Right tackle..... Brooks
Green..... Right guard..... Brooks
Hill..... Left guard..... Hogue
P. Carter..... Left tackle..... Shumma
D. Jones..... Left end..... K. Marshall
Touchdown..... Roane, Avery, Goal from 15-
yard line..... Mr. Savoy, referee.
Mr. Wilkinson, Linebacker—Mr. Beckett.

Will Confer With Chairmen.

Mr. Singleton said today that as soon as he had appointed the committee chairmen he would notify them to meet at the boardrooms next Wednesday afternoon at 2:15 o'clock to discuss recommendations in the annual reports submitted by the various committees which demand prompt action. Matters which should receive the attention of the board at its December meeting will be decided upon in order that plans for that gathering may be formulated. These will include items upon which it is desired to have the Board of Trade express its opinion as soon as possible after the convening of Congress for its short session.

SWISS PLANNING BALL TO RAISE RELEASE FUND

Societies to Entertain on Independence Anniversary for Beneficence of Destitute in Home Country.

A committee representing all the Swiss societies in Washington completed arrangements at a meeting in the home of Julius Egloff last night for the Swiss relief ball to be conducted in the Old Masonic Temple, 9th and F streets, Wednesday evening, in observance of the anniversary of the independence of Switzerland.

The proceeds from this ball are to be devoted to increase the relief fund now being collected by the Swiss legation here for the benefit of Swiss families made destitute because the men have been called upon to defend the neutrality of their country.

Dr. Paul Ritter, minister from Switzerland; Dr. C. P. Huebscher, secretary of the legation, and F. Luetli, chancellor, have enthusiastically seconded the efforts of the organizers. Dr. Ritter will make an address at the ball.

All Committees Co-Operate.

J. Bruegger, the chairman of the committee, reported co-operation of all committees. A feature of the ball will be the presence of about fifty women in native costume. These costumes are picturesque and varied and will be seen to good advantage in the opening procession. The refreshment committee, Theo. Picard chairman, assisted by Charles Fuglister, has planned a supper of dishes peculiar to Switzerland. For the music committee Ed. Schmid reports that an orchestra will render an up-to-date dance program.

The central committee is composed of J. Bruegger, chairman; Miss Pauline Holer, secretary; Julius Egloff, treasurer; Dr. C. P. Huebscher, F. Luetli, E. S. Schmid, B. Rickenbacher, T. Picard, G. Kreis, L. Chatelet, E. Schrock, C. Fuglister, P. Heiz, P. Will, F. Moor, O. Balastra, A. Tamasni, A. Braem, Mrs. Charles Spiess, Mrs. Charles Fuglister, Mrs. Marie Schmidt, Mrs. M. Duerst, Mrs. David Notter, Mrs. William Grass, Mrs. Harry Eisenbeis, Mrs. J. Iseli, Mrs. J. Gutmann and Mrs. E. Giovannini.

WANT IMMIGRANTS ON FARMS.

Southern Leaders to Hold Conference on Subject Here December 12.

Plans for placing immigrants now congesting industrial sections on farms throughout the south, and caring for the heavy influx of refugees from Europe, are to be discussed at a conference of leaders throughout the south to be held here Saturday, December 12. The meeting is to be under the auspices of the Southern Commercial Congress, and the call has been issued by Senator Duncan U. Fletcher, president of the congress.

Secretary of Labor Wilson is to deliver the opening address. The Southern Commercial Congress will have the co-operation of the Department of Labor in this work, and T. V. Powderly, chief of the division of information of the bureau of immigration, has been designated to actively assist in arranging for the meeting.

The conference is called, it is stated, to determine a southern immigration policy, and to work out a practical plan by which the south can take advantage of existing opportunities.

CHURCH SHOWS ESTEEM FOR TREASURER'S WORK

Parishioners of St. Thomas' Present
A. P. Crenshaw With Pitcher
and Salver.

The men of St. Thomas' Episcopal parish met last evening at Raucher's for dinner at 7 o'clock. Rev. Dr. C. Ernest Smith, rector of the parish, presiding. About fifty men of the parish attended, and in addition to the clergy of the parish, Rev. Dr. Smith, Rev. Dr. William M. Pettis and Rev. Joseph E. Williams, there were as honored guests the Rev. Dr. G. C. F. Bratenahl and Brig. Gen. John M. Wilson, U. S. A., lately retired from the vestry of St. Thomas' parish, of which for many years he had been a distinguished member.

A complimentary address praising Gen. Wilson's work as a vestryman was made by Melville Church, who voiced the sentiments of his colleagues and the parishioners in speaking of the invaluable services the general had rendered.

A principal feature of the evening was the presentation of a handsome pitcher and salver to A. P. Crenshaw, given him by the parishioners in recognition of his services as treasurer for ten years past. The pitcher bore the inscription:

"Presented to
Mr. A. P. Crenshaw
in recognition of his invaluable services
as Treasurer of St. Thomas' Parish,
1904-1914.
By the Parishioners."
Work Is Appreciated.

The presentation was made by Gen. George A. Woodward, U. S. A., senior warden and a member of the church, who spoke of the general's work as treasurer and his fellow-members entertained for him.

Mr. Crenshaw in responding spoke of the pleasure his work had always given him and how he accounted it a privilege to serve in his office.

Rev. Dr. Bratenahl, who was then called upon to speak, addressed the meeting on the great need of men taking a personal interest in the extension of Christ's kingdom. He urged the formation of a men's missionary committee.

Mr. Bratenahl was followed by Mr. Church, who spoke as one who as delegate to the conventions and also as a vestryman had had many opportunities of knowing the necessity for just such missionary zeal and methods of organization as Dr. Bratenahl had urged upon them.

To Make Direct Appeals.
Mr. Church finally moved resolutions.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, luster and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and luster of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. which were passed unanimously by a standing vote, declaring:

"That it is the sense of this meeting of the men of St. Thomas' parish that the raising of the amount of St. Thomas' apportionment for foreign and domestic missions be effected through a men's missionary committee, with authority to make direct personal appeals to the parishioners individually—provided this plan meets the approval of the rector and vestry of the parish and that a copy of these resolutions be sent to the vestry of the parish for action."

Among other speakers of the evening were Gen. John M. Wilson, U. S. A.; Ernest Wilkinson and F. L. Marshall. Others present were: Dr. Frank Anderson, U. S. N.; Capt. William Baird, U. S. A.; Admiral George R. Hemy, Dr. John P. Fillebrown, R. W. Henderson, George Johnson, Wharton E. Lester, Col. C. A. Steadman, U. S. A.; F. Thom, Col. C. A. Williams, U. S. A., and other representative men of the congregation.

After a vote of thanks to Gen. E. Dimmick, U. S. A., who as chairman of the committee of arrangements had done so much to make the dinner a complete success, the meeting adjourned.

FREE ENTRY IS DENIED.

Treasury Rules on Movie Films Made Abroad From U. S. Negatives.

Free entry into the United States is denied to motion picture films "made abroad from negatives made in the United States. In cases where films of foreign origin are fraudulently invoiced as of American manufacture they will be seized by the customs officials, and released only upon payment of the home value thereof plus the duty.

This is a Treasury decision just issued and signed by Assistant Secretary Andrew J. Peters of the Treasury Department, in charge of customs.

Recent investigation shows that in

many instances moving picture films have been entered free of duty as of American origin when they were, in fact, manufactured abroad from negatives exported from the United States. From statements of leading film manufacturers in the United States it is learned by the customs officials that in most cases no positive prints are shipped abroad, negatives only being shipped and the positives prints are shipped "made in Europe."

In cases where positive prints are shipped to Europe they are leased or sold with the understanding that the films are not to be resold or shipped back to the United States.

The risk of being struck by lightning is estimated to be five times greater in the country than in cities.
